

The EU4Ocean workshop on Climate and Ocean

25/09/2020 10:00-12:00 CEST

The EU4Ocean thematic parallel workshops on 25 September are public, online World-Café style events. The three parallel workshops will cover the topics Climate and Ocean, Food from the Ocean, and Healthy and Clean Ocean. Here, we will discuss and gather ideas on how to help citizens in European landlocked or inland areas become Ocean Literate.

The main aim of these workshops is to show the participants the added value of working together with other Ocean Literacy enthusiasts, experts and people interested in ocean issues, to gather innovative, out-of-the-box ideas to help achieving an Ocean Literate society. We hope to come up with a list of “tips and tricks” to help us turn anyone into an Ocean Champion. We also hope to pave the way towards collective initiatives addressing these key challenges.
