REALISATION OF WORKSHOPS

Deliverable 15 is the realisation of the workshops. The workshops will serve as a platform for updating the stakeholders on RTD actions, their relations to policies and the professional sectors of fisheries and aquaculture. They will also provide an interactive forum for debate on the role of European RTD and how it can support the needs of and issues facing of European fisheries and aquaculture and their individual sub-sectors.

The workshops will each provide the opportunity for presentation and debate of the issues identified by the different sub-sectors of European fisheries and aquaculture, putting accent on regional specificities. Key speakers will provide the background topics and guidance, while experienced professionals will discuss these issues in the light of their experience. Discussion and debate on the identified problems and requirements of the sector for RTD projects will be led by the Chairs/Rapporteurs, whose preliminary results will be made available in Session IV.

The progress and achievements of the project partners and thematic networks dedicated to fisheries and aquaculture will be presented on demonstration stands, providing documentation and project displays.

The Profet Policy project organises 9 workshops during the course of the project. The realisation of the fifth workshop is discussed in this document.

Fifth Profet Policy Workshop: Governance in Continental Freshwater Aquaculture

Warsaw (Poland), 13 & 14 December 2007

This workshop was held for all stakeholders of the Continental Freshwater aquaculture sector, focussing mostly on Eastern countries. It served as a unique platform for the exchange of views and opinions on future research needs and other critical issues affecting Continental Freshwater aquaculture.

The main sessions include:

- Continental Aquaculture and Research
- Policy & Regulatory framework (WFD and Health)
- Policy & Regulatory framework (Environment)
- RTD needs related to European policies
- RTD needs related to sustainable development
- Technology transfers & Future research needs

The scope of the sessions is explained in more detail in deliverable report nr. 14 'Individual workshop scope and objectives'.

Target audience of the Workshop

45 participants from 11 countries representing aquaculture associations, research institutes, research projects, governments and NGO's attended the workshop and participated in the debate.

The workshop was held in English with simultaneous Polish translation

Organisation

The workshop was organised by the FEAP and the Polish Trout Breeders Association (PTBA), a FEAP member Association.

Contact person: Courtney Hough (FEAP secretariat) and Anna Daczka (PTBA)

General information

The workshop was opened by Jacek Juchniewicz, President of the Polish Trout Breeders Association. Adriana Dembowska representing the National Board for Water Management in Poland explained the implementation of the Water Framework Directive in Poland and its impact on Continental Freshwater Aquaculture, while László Tölg, General Secretary of the Hungarian Fish Farmers Association expressed the views on the application of WFD in the Hungarian Aquaculture.

The European Commission was represented by Mr. Jacques Fuchs - DG Research (EC) and Mrs. Sigrid Cabot - DG SANCO (EC).

The audience participated actively in the debate most of the time 'WFD' and 'Natura 2000' oriented, since both issues are particularly of interest for inland countries.

Hotels

Participants had to book and pay for the accommodation themselves.

The hotel Gromada, where the meeting would be held, had available rooms for the participants of the event at a special rate of PLN 357 (± 100€).

Registration and registration fee

The participants had to download the registration form from the Profet Policy website and fax or email it to the FEAP secretariat.

The total fee of the workshop was 60€ for the sector members - including the conference, coffee breaks, lunches and Thursday night dinner – to be paid in cash at the registration desk of the workshop on Thursday morning.

Compilation of Technical Leaflets

Specific printed compilations that relate to the individual workshop theme are provided to each participant. The compiled abstracts will act as a stimulus for stakeholder attendance, where circulation will be made in printed form (through networks & Associations) as well as electronically (using the Project Partner and Network websites).

Compilation of Technical Leaflets

Compilation of abstracts

The presenters of the presentations received well in advanced the guidelines for preparing abstracts and presentations. The guidelines provided some advice for setting up the presentation and gave information about the expected audience of the workshop.

Each presenter had to deliver a short abstract of their presentation in English (10-15 lines) and a short (5 line maximum) biography to the FEAP secretariat two weeks before the workshop. The abstract and the biography were distributed at each Workshop.

The guidelines for preparing abstracts and presentations and the compilation of abstracts of the workshop in Warsaw can be found in Deliverable report nr. 16: 'Workshop presentations'.

Reception

A dinner was organised in the Gromada Hotel on Thursday night for all participants.
