## REALISATION OF WORKSHOPS

**Deliverable 15 is the realisation of the workshops. The workshops will serve as a platform for updating the stakeholders on RTD actions, their relations to policies and the professional sectors of fisheries and aquaculture. They will also provide an interactive forum for debate on the role of European RTD and how it can support the needs of and issues facing of European fisheries and aquaculture and their individual sub-sectors.**

The workshops will each provide the opportunity for presentation and debate of the issues identified by the different sub-sectors of European fisheries and aquaculture, putting accent on regional specificities. Key speakers will provide the background topics and guidance, while experienced professionals will discuss these issues in the light of their experience. Discussion and debate on the identified problems and requirements of the sector for RTD projects will be led by the Chairs/Rapporteurs, whose preliminary results will be made available in Session IV.

The progress and achievements of the project partners and thematic networks dedicated to fisheries and aquaculture will be presented on demonstration stands, providing documentation and project displays.

The Profet Policy project organises 9 workshops during the course of the project. The realisation of the eighth workshop is discussed in this document.

### **Eight Profet Policy Workshop: Quality Assurance in Freshwater Aquaculture**

Treviso (Italy), 16 & 17 October 2008

This workshop covered both policy developments and RTD project work in Southern Freshwater Aquaculture.

#### **The main sessions include:**

- Regional development & role of research
- Policy & regulatory framework
- RTD needs related to European Policy
- RTD need and sustainable development
- Support for development
- Future research needs

The scope of the sessions is explained in more detail in deliverable report nr. 14 'Individual workshop scope and objectives'.

#### **Target audience of the Workshop**

70 people from 11 countries attended this workshop, including fish farmers and aquaculture associations, government representatives, research institutions and other stakeholders.

The workshop was held in English with simultaneous Italian translation

#### **Organisation**

The workshop was organised by the FEAP and the Associazione Piscicoltori Italiani (API).  
Contact person: Catherine Pons (FEAP secretariat) and Pier Antonio Salvador (API)

## General information

Mainly focusing on trout farming and the difficulties of shift to the next generation, the workshop dwelt also on the future of fish feeds and genetics & genomics issues.

Quality oriented, it led to strong discussion on the standards imposed by supermarkets to producers.

The role of associations in the governance sector was seen as very important by the participants but currently far too weak. The communication has to be improved between associations and Member States

## Venue information

The meeting was organised in the:  
**Villa Pace Park Hotel Bolognese**

Via Terraglio, 175

31100 Treviso, Preganzio

Italy

Tel. +39 0422 490390

## Hotels

Participants had to book and pay for the accommodation themselves. A special rate of € 90 was negotiated with the Villa Pace Park Hotel Bolognese for participants attending the workshop.

## Registration and registration fee

The participants had to download the registration form from the Profet Policy website and submit it by letter and fax to the FEAP or the API secretariat. The total fee of the workshop was € 60, including the conference, coffee breaks and lunch, to be paid in cash at the registration desk of the workshop on the Thursday morning.

## Compilation of Technical Leaflets

Specific printed compilations that relate to the individual workshop theme are provided to each participant. The compiled abstracts will act as a stimulus for stakeholder attendance, where circulation will be made in printed form (through networks & Associations) as well as electronically (using the Project Partner and Network websites).

### Compilation of abstracts

The presenters of the presentations received well in advanced the guidelines for preparing abstracts and presentations. The guidelines provided some advice for setting up the presentation and gave information about the expected audience of the workshop.

Each presenter had to deliver a short abstract of their presentation in English (10-15 lines) and a short (5 line maximum) biography to the FEAP secretariat two weeks before the workshop. The abstract and the biography were distributed at each Workshop.

The guidelines for preparing abstracts and presentations and the compilation of abstracts of the workshop in Treviso can be found in Deliverable report nr. 16: 'Workshop presentations'.

### Promotion activities

The workshop was a very good platform for the promotion of projects and events.

Many folders and leaflets were distributed, notably related to the following projects : Finefish, Aquamax, Aquaetreat, Wave, Aquatnet, Consensus, Sustinaqua, and Percid fish culture.

### Reception

The API had organised a gala dinner on the first evening at the Osteria Enoiteca *Ombre Rosse* (San Trovaso TV).

An independent audit is to be made for each workshop (so as to respect the Commission contract) – estimated at €880 per workshop.

Advance financing will be based on providing adequate funds to realise the workshops, with a 15% hold back until approval of the workshop accounts.

Local organisers are entirely free to seek additional sponsorship for items not covered by the funding provided (i.e. for lunches, coffee breaks or interpretation). Translation costs were not included in the workshop budget; however translations cost were accepted to be included in the consumable expenses if the total budget of the workshop was under spent.

---

<sup>1</sup> Total time budget for Workshop realisation is based on 130 hours at €45/hour

<sup>2</sup> Total travel & subsistence budget for each speaker = €1000 – with a contingency allowance in case of higher travel costs.
