BlueGeneration

Aims of the Next BlueGeneration

The main aim of the Next BlueGeneration project is to **raise awareness** in young people of **Blue Career** opportunities and to develop tools for this aim, which will **provide teachers with the means to inform their students** and thereby have a **long-term sustainable impact** that **provides the Blue Economy with the much-needed workforce** and helps to **lower youth unemployment.**

Sectors

Workflow of the Next BlueGeneration

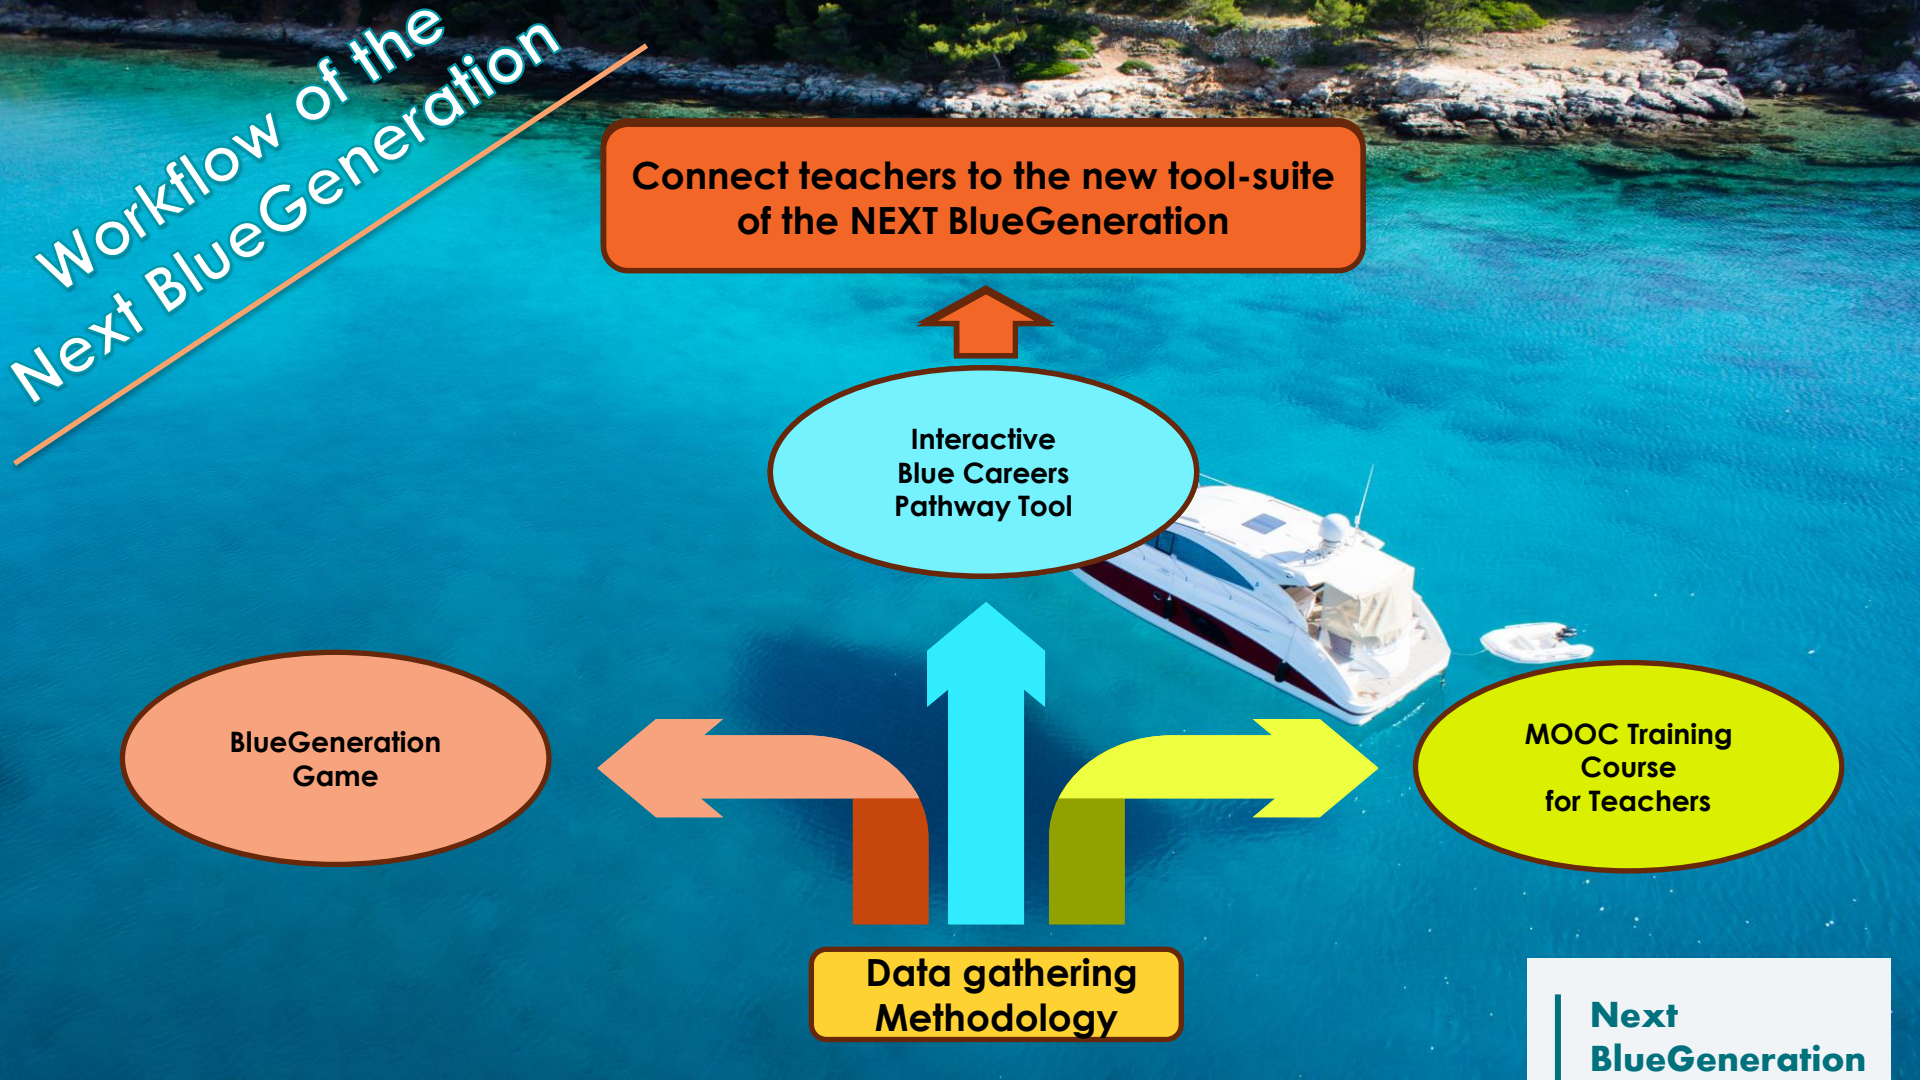

Connect teachers to the new tool-suite of the NEXT BlueGeneration

Interactive Blue Careers Pathway Tool

BlueGeneration Game

MOOC Training Course for Teachers

Data gathering Methodology

Impact of Next BlueGeneration

Short Term

Providing teachers with information and tools and informing youth about blue career opportunities

Medium Term

improve the age balance of the blue economy workforce and lower youth unemployment.

Long Term

Transfer tools to all regions of the EU, and add other sectors such as fisheries, ocean energy

Next BlueGeneration

Thank you! 😊
