Deputy Director of  
the IET -Academic

**Eugenio Busuttill**

Deputy Director of  
the IET - CMS

**Julian Izzo**

PA to the Deputy  
Principal

**Jason Debono**

Senior Lecturer - IET

**Jean Paul Tabone**

Senior Lecturer - ICT

The offering

# Course Streams

# The Courses

---

## Deck

Eugenio Busuttì

From Able Seafarer to Master  
(Yachts less than 3,000GT).

## Engineering

Godwin Caruana

Starting with the approved engine  
course to second and eventually  
chief engineer (Less than 3,000GT  
and 9,000KW)

## Yacht Interior & Hospitality

Stephen Sammut

Taking the learner to a journey  
from trainee to Chief Steward of  
superyachts below 3,000 GT.

## About Us

The Professional Crew training for Superyachts (**ProCrew**) is a new project of MCAST, the partner City of Glasgow College and Malta Maritime Forum, co-funded by the European Maritime and Fisheries Fund.

# Yacht Interior & Hospitality Operations

Training staff to work in a five star deluxe environment....

# YACHT INTERIOR & HOSPITALITY OPERATIONS ROUTE

ProCrew

# Three Stages

The training takes the Learner through 3 awards.

## 1

### Award for Yacht Junior Steward

The award for Yacht Junior Steward is the first step which one makes to secure professional employment in a super yacht environment. This award will prepare the learner in subjects such as the basis of **liaising with guests** and provision of services such as the **meal preparation**, housekeeping and bartending. It will also give the learner a basic introduction to superyachts and will also provide the basic **STCW training** needed to work onboard.

8

## 2

### Award for Yacht Senior Steward

The Award for Yacht Senior Steward is the **second stage** of training which the learner can embark on, to take on more advanced roles such as **Head of Housekeeping**. It exposes the learner to higher level topics such advanced servicing and **medical training**. Since the Senior Steward will be leading a team of Stewards, the award also contains a module on **administration and HR** as well as a modules on the **Legal Aspects** of the superyacht environment.

## 3

### Award for Yacht Chief Steward

The Award for Yacht Chief Steward is the most advanced module which prepares the learner to take over responsibility of all issues related to guest satisfaction on board a superyacht operating in a five star hospitality environment. This award prepares the learner in aspects of **leadership**, management, **finance and budgeting** to allow the learner to take on the managerial aspect of the job in a professional way. Modules in engineering and **advanced STCW** topics ensure that the technical aspects are taken care of too.

# 4

## Key Skills Award

- English
- Information Technology
- Critical Thinking
- Science

# Advanced Diploma in Yacht Interior and Hospitality Operations

- Upon completion of all awards students are awarded the full level 4 Advanced Diploma in Yacht Interior and Hospitality Operations- Yacht Chief Steward (less than 3000 GT).
- This allows students to continue their studies at higher levels such as Degree and Master.

# Study & Work

Through extensive use of online tools the learner is able to study while away from MCAST. This allows the learner to retain his job onboard the yacht while covering his coursework online.

## Part 1 - Online

The use of the moodle platform allows the learner to log into a specifically designed web platform through which he can access, class notes, videos, work through coursework and contact the lecturer.

## Part 2 - Residential

Residential periods will be designed around a week or two.

# Way Forward

- Syllabus completion
- Meeting with Stakeholders
- Student Recruitment
- Lecturer recruitment and training
- Approval processes

**PROFESSIONAL CREW**
