Aquavac RELERA							x			x			x		
Ermogen (a licenced ERM treatment)					x		x				x				
Vaccin anti yersiniose													x		
Yersi-fishvax Immersion & Injection (Y. ruckeri)					x			x							
Yersivac (Yersinia ruckeri)									x						
Photobacterium damsela subsp. Piscicida					X				X						

List of Licensed Veterinary Medicines

Type	Trade name (active ingredient/antigens)	CZECH REP	NORWAY	HUNGARY	GREECE	IRELAND	UK	ITALY	SPAIN	FINLAND	DK	NL	F	D
Vaccine	Aquavac Photobac Prime (immersion) ISPAH				x									
	Aquavac Photobac Boost (Oral) ISPAH				x									
	Aquavac Vibrio Pasturella (Injection) ISPAH				x									
	lcthiovac-PD (Photobacterium damsela sbsp. Piscicida)								x					
	Lactococcus garviae				X				X					
	lcthiovac-LG (Lactococcus garviae)				TRIAL PERMIT				x					
	Listonella anguillarum				X				X					
	lcthiovac-VR (Listonella anguillarum)				x				x					
	Streptococcus parauberis								X					
	(lcthiovac-STR) Streptococcus parauberis								x					
	Tenacibaculum maritimum								X					
	(lcthiovac-TM) Tenacibaculum maritimum								x					
	Multiple Valence													
	Alphaject 2-2 (IPNV, A. salmonicida)						Expires 28/11/2009	x						
	Birnagen Forte As							x						
	Alphaject 3000 (A. salmonicida, V. anguillarum 01 & 02)			x			x				x			
	Alpha ject 6-2 (A.salm., V.a. 01 & 02, V.salm., Moritella visc., IPNV Sp)			x										
	Alpha Ject 5-3 (As Alpha Ject 6-2 minus IPNV)			x										
	Alpha Ject 4000 (As Alpha Ject 5-3 minus Moritella)			x										
	Alphaject micro 6 (a.salmonicida, V.a. 01 & 02a, V.salm., Moritella viscosa, SAV A2)			x										
	Bi-fishvax Immersion & Injection (V. anguillarum + Y. ruckeri)								x					
	Lipogen Duo (A.salm., V.ang. 01)			x										
	Pentium forte plas vet (A.salm., V.a.01 & 02, V.salm., Moritella viscosa,			x										
Norvax compact 6 (A.salm., V.salm., V.a. 01 & 02, Moritella viscosa,			x											
Norvax Compact 4 (A. salmonicida, V. anguillarum, V.salmonicida)						x								
Norvax Compact PD (salmonid alphavirus – pancreas disease virus)						Expires 30/04/2009	x							

Reported for IRELAND : Dr. Hamish Rodger, MRCVS, 8/05/2009

Reported for ITALY : Andrea Fabris, MRCVS, 10/07/2009

Reported for DENMARK : Niels Henrik Henriksen, Danish Aquaculture, 03/09/2009

Reported for UK: David Bassett, British Trout Association, Oct.08 & June.09 and Jamie Smith, Scottish Salmon Producers Organisation

National Office of Animal Health (NOAH)

NOAH list the below products are currently the authorised treatments within the United Kingdom for fish. Product names are listed below, whilst information is available by clicking on the hyper links listed. (Should the hyper link not work, then please access the NOAH website at http://www.noahcompendium.co.uk/Compendium-datasheets_by_species/Species/-22364.html) The website provides further product information, including presentation, uses, dosage and administration, contra-indications and warnings, legal status (i.e. prescription only etc) and packaging, marketing and further general information.

Reported for FRANCE : Dr Armand LAUTRAITE, independant fish vet & Fédération Française d'Aquaculture ; 03/09/2009

Reported for GREECE : Dr Panos Christofilogiannis, AQUARK General Manager - FGM Consultant (9/9/2009)

Reported for HUNGARY : Mr Laszlo Tölg, HFFA 25/09/09

Reported for NORWAY : Mr Kjell Maroni, FHL Norway 01/10/09

Reported for CZECH REP : Mr Vaclav Silhavy 20/10/09

List of Licensed Veterinary Medicines

Type	Trade name (active ingredient/antigens)	Fish species
Anesthetics	Benzoak vet. (benzocain)	
	Finquel (metacain)	
	MS 222 (tricaine methane sulphonate)	Fish
Antibiotic	Amoxicillin	
	Nuova ICC, Gammamix (amoxicillin)	All Fish species
	Amoxicillin	
	Vetremox Fish	
	Chlortetracyclin	
	Percrison 200 premix (chlortetracyclin)	All Fish species
	Chlortafac 200mp (Chlortetracyclin)	All Fish species
	Clorbiotic 200 (Chlortetracyclin)	All Fish species
	Clortetra 200 premix, (chlortetracyclin)	All Fish species
	Clortetrasol 20% (Chlortetracyclin)	All Fish species
	Florfenicol	
	Aquaflor 500mg/g (florfenicol)	
	Floraqpharma vet (florfenikol)	
	Aquaflor vet (florfenikol)	
	Florocol (florfenicol)	AS
	Flumequine	
	Chinogel (flumequine)	All Fish species
	Colifarm (flumequine); Flumequina 200; Naquilene)	All Fish species
	Flumequina 200 (flumequine)	All Fish species
	Flumequine	
	Flumesyva (Flumequine)	
	Flumiquil poudre à 3 %	All Fish species
	Flumix fluméquine 160 salmonidés	Trout & salmon
	Flumix poudre à 3 %	All Fish species
	Fluquick poudre à 50 %	All Fish species
	Naquilene (flumequine)	All Fish species
	Oxytetracycline	
	Anprociclina (oxytetracycline)	All Fish species
	Aquatet (oxytetracycline HCl)	AS, RT
	Kyroxy 200 premix (oxytetracyclin)	All Fish species
	Maracycline powder 100% w/w (oxytetracycline HCl)	AS
	Orimycin vet 200mg/g (oxytetracycline HCl)	
	Ossibiotic 200 premix (oxytetracyclin)	All Fish species
	Ossitetra 200 premix (oxytetracyclin)	All Fish species
	Ossitetrasol 20% (oxytetracyclin)	All Fish species
	Oxifarm (oxytetracyclin)	All Fish species
	Oxiter 200bmp (oxytetracyclin)	All Fish species
	Oxytetracycline 80%. Oxy kel 80 %	
	PS Oxitetraciclina acuicultura (oxytetracycline)	
	PS oxytétracycline aquaculture	salmonids, seabass, seabream, turbot, eel, carp
	Rupin Special gran. Ad us. Vet.	
	Oxilinic acid	
	Branzil (oxolinic acid)	Fish
Inoxyl acide oxolinique 240 salmonidés	trout	

List of Licensed Veterinary Medicines
