BMM COP Page : WebGIS Representation

The image shows a screenshot of a web browser displaying the "Italian Interministerial Node Web Portal". The browser's address bar shows the URL <https://itbmm.marina.difesa.it/it/web/guest/bmm-cop-test>. The page header features the portal's logo and a navigation menu with items such as "Welcome", "BMM Tracks Data", "IT BMM COP", "IT SBCMP", "IT Events", "IT Satellite Acquisition", "IT Track Injection", "BMM Tracks Notifications", "BMM Wide Area Mapping", and "BMM Federated Cha". Below the menu, there are links for "pn-bmm-italy" and "IT BMM COP".

The main content area displays a satellite map of the Mediterranean region, showing the Italian peninsula, Greece, and the surrounding seas. The map is overlaid with numerous green circular markers and yellow square markers. A large, semi-transparent black rectangular area is overlaid on the map, possibly representing a data layer or a selection area.

On the right side of the map, there is a "Mappe Roster" window with a dropdown menu. The dropdown menu is open, showing a list of available cartographic layers. The selected layer is "Satellite All Tiles 2". The list includes the following options:

- <NONE>
- NGA_World
- NASA_World
- Mappa T.C.I. Satellite
- Greece Sat (12 m/pix)
- JRC_S4DRG
- WMS demis hillshading
- Batmetria (Min Ambiente)
- IGM 250K (Min Ambiente)
- Satellite Map
- Satellite Map Tiles
- Satellite Stretto Sicilia
- Satellite Stretto Sicilia Til
- Satellite Last
- Satellite3
- Satellite Last Tiles
- Satellite All Tiles
- Satellite All Tiles 2
- Satellite Suez
- Automatic WMS ITP

At the bottom right of the map, there are links for "Impostazioni" and "Online Friends (0)".

Two callout boxes are present: one on the left pointing to the map with the text "Satellite Map", and one on the right pointing to the layer selection box with the text "Available Cartographic Layers Selection Box".

The image shows a screenshot of a web browser displaying the 'Italian Interministerial Node Web Portal'. The browser's address bar shows the URL 'https://itbmm.marina.difesa.it/it/web/guest/bmm-cop-test'. The page features a navigation menu with various options like 'Welcome', 'BMM Tracks Data', and 'IT BMM COP'. Below the menu, there's a search bar and a breadcrumb trail 'pn-bmm-italy > IT BMM COP'. The main content area is a WebGIS map showing a satellite view of the Mediterranean Sea. A 'Track Details Box' is overlaid on the map, displaying information for a specific entity. The box contains fields for Entity ID, Name, Date and Time of Contact, IMO and MMSI numbers, coordinates, heading, source, originator, category, speed, call sign, ship flag and type, dimensions, draught, arrival location, and a note. A callout box on the left points to the 'Track Details Box' with the text 'Track Details Box'. The map also includes a 'Mappe Raster' control with a dropdown menu set to 'Satellite All Tiles 2'. At the bottom right, there are links for 'Impostazioni' and 'Online Friends (0)'. The browser's status bar at the bottom shows 'Impostazioni Online Friends (0)'. The overall layout is typical of a web-based GIS application from the early 2010s.

 Sisma: i satelliti misurano i movimenti del suolo (Apri una nuova finestra)
 08/06/12 9.19
 dimizio

Continua l'attività di monitoraggio dallo Spazio delle aree dell'Emilia Romagna colpite dal terremoto, avviata dal **Dipartimento della Protezione Civile** dopo l'inizio della sequenza sismica. Le nuove acquisizioni radar dei satelliti della costellazione **COSMO-SkyMed** programmate dall'**Agenzia Spaziale Italiana** su tutta l'area in cui sono in atto fenomeni sismici hanno permesso di studiare gli effetti permanenti dei movimenti del suolo causati dalla scossa del 29 maggio 2012.

Lo studio è stato condotto da un team congiunto di ricercatori del **Consiglio Nazionale delle Ricerche** (CNR-IREA di Napoli) e dell'**Istituto Nazionale di Geofisica e Vulcanologia** (INGV) mediante una tecnica denominata Interferometria Differenziale che permette di misurare spostamenti del terreno anche dell'ordine di pochi centimetri su grandi aree.
