## Online ocean literacy workshop on the European Atlas of the Seas

**Christian Esteva Burgos**

EU projects Officer | Teacher | Geographer

# WHAT IS MY CONNECTION TO THE SEA AND WHY AM I PASSIONATE ABOUT THE OCEAN

- **Mallorca**
- **Geography**
- **Teaching**
- **EU Maritime Projects**  
**@ Sea Teach SL**

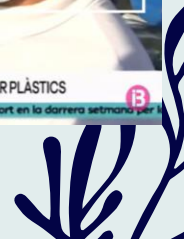

# Founder of Clean Boating

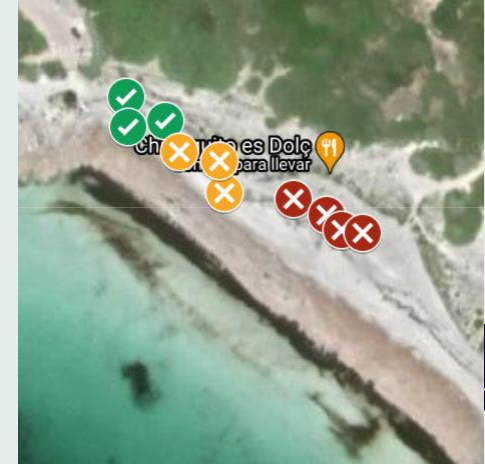

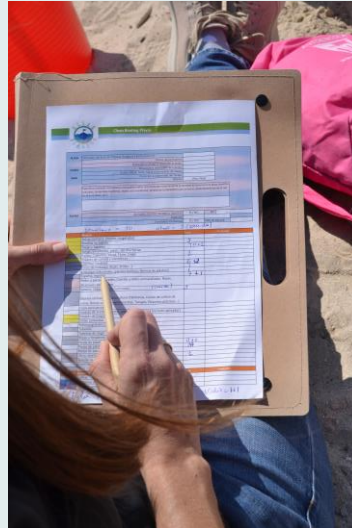

The Clean Boating Movement aims at reducing the amount of plastic litter in our Seas by targeting and involving the pleasure boating community and the many charter vessels around the island of Mallorca, to get involved and play a vital role of picking up and removing plastic from the sea"

# How can teachers share the Clean Boating Ideas with their students?

1. Geolocate the cleaning stations of microplastics and map them to later compare the results with other beaches.

# How can teachers share the Clean Boating Ideas with their students?

2. Motivate students/kids to join our beach cleans and later create their own pieces of art from collected microplastics.

# How can teachers share the Clean Boating Ideas with their students?

## 3. Participate in EU initiatives (EUBeachCleanup)

# THE YOUTH4OCEAN FORUM

- A group of young ocean changemakers from all over Europe.
- Goal is to shape our future with a healthy ocean that sustains us all

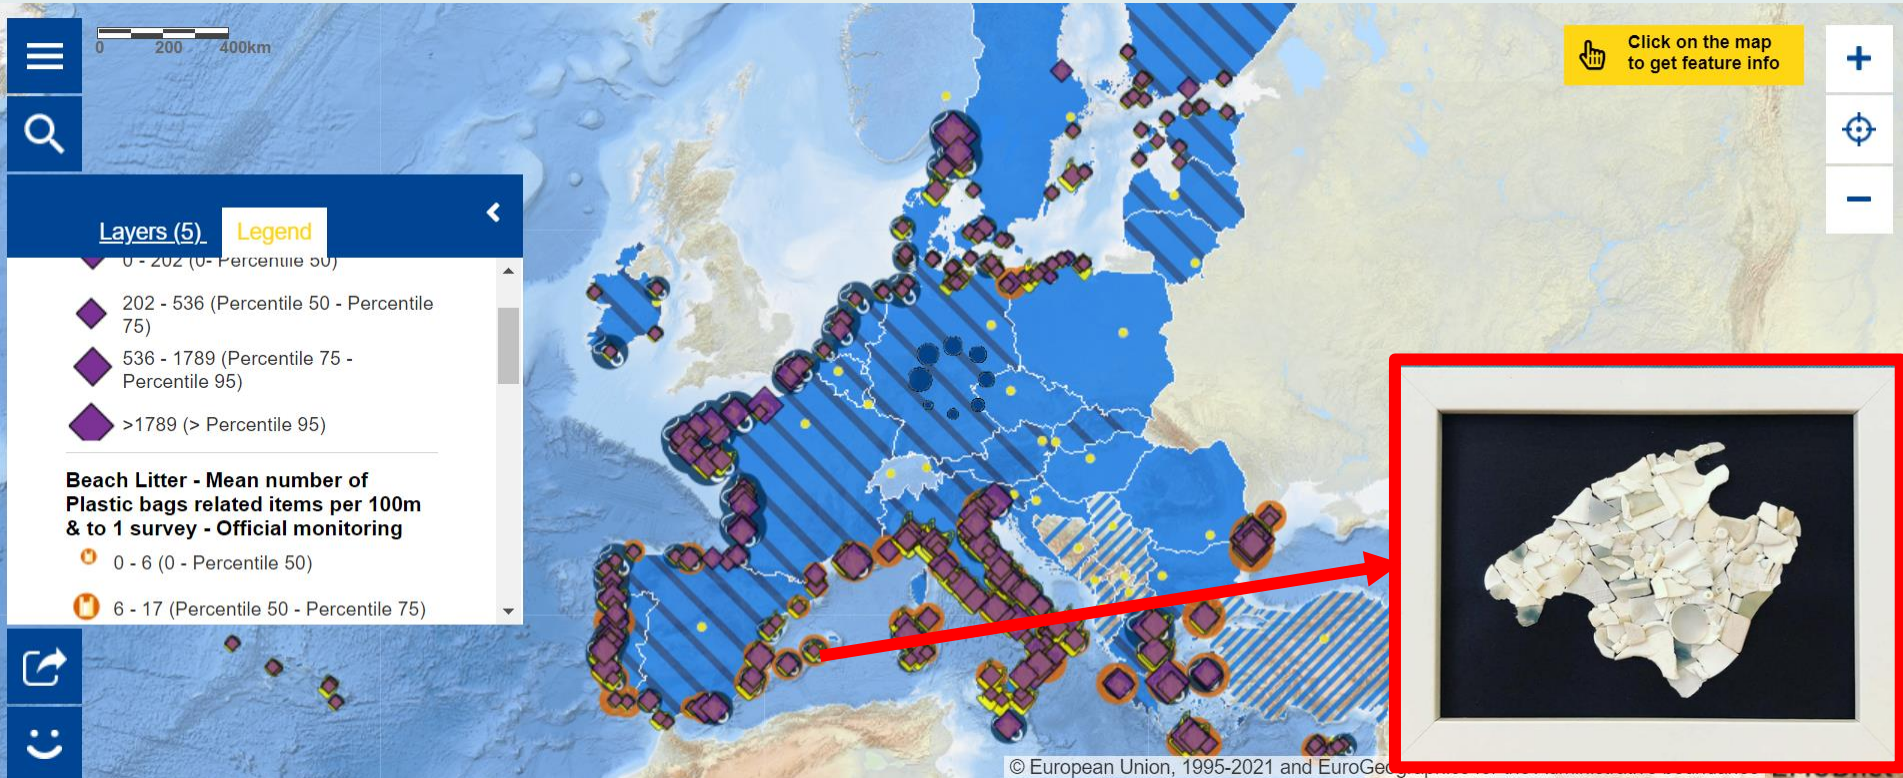

# WHY SHOULD TEACHERS ENCOURAGE STUDENTS TO JOIN THE Y40 FORUM?

- They will speak up for our generation, share your ideas, present your projects and connect with like-minded young people and experts all over Europe.
- obtain accreditation of EU Young Ocean Advocates.
- connect with mentors,
- network with leading European experts,
- participate in working groups along with stakeholders and decision-makers to address ocean challenges,

# THANK YOU!
